**Remarks**

It is respectfully requested that the Examiner enter this amendment prior to examination. This application originally claimed priority to the German provisional application in the Declaration and Power of Attorney for Patent Application form. This amendment is being submitted to include the claim of priority in the specification of the application. At the time of filing, a serial number was not available for the German non-provisional application which was filed concurrently with this application, and as such, this non-provisional application was not referenced.

In addition, please issue an Updated Filing Receipt that reflects the proper serial numbers for claims of priority. A copy of the original Filing Receipt dated February 20, 2000, is attached hereto as **Exhibit A**.

Dated this 8<sup>th</sup> day of January 2001.

Respectfully submitted,

---
